

2006 CAMPLAZENS VIOGNIER

COTEAUX DU LANGUEDOC - LA CLAPE CONTROLLEE

VINEYARD DESCRIPTION:

Chateau Camplazens is located in the Languedoc region of France in the Sub-Appellation of La Clape. La Clape is an environmentally protected mountain overlooking the Mediterranean in which the only permitted activity is grape growing. Since purchasing the vineyard Peter and Susan Close have worked hard to establish Chateau Camplazens as a premium vineyard, with low yields, organic viticulture and modern vinification techniques. Most importantly they want the terrior of La Clape to speak for itself and show the true nature of Chateau Camplazens through its wines.

BLEND: 100% Viognier

NUMBER OF CASES PRODUCED: 300

TASTING NOTES:

A white wine of great character and charm, the Viognier of Chateau Camplazens comes from mature vines with an extremely low yield of 30hl/ha. The grapes are hand picked, and fermentation takes place in new French oak barrels in which the wine is then aged for 6 months. This wine made from 100% Viognier has characteristic fully rounded flavors of apricots and violets with great minerality.
